HOLE IN CRUISER

The Big Japanese Vessel
at Nagasaki Shows
Scars.

Storekeeper Clark of the Siberia told yesterday of some of the warlike scenes in the ports of the Island Empire visited by his ship. "At Nagasaki we saw a fine looking Japanese cruiser, resembling the Chitose somewhat. There were two tremendous holes in her sides where a Russian shell had gone clear through the ship. The shell entered on the quarter, cleaned out the wardroom and went out of the other side. The hole was big enough to drive a cart and horse through and we could see the ships and water on the other side of the cruiser through the hole as we went past. It is evident that some at least of the Russian shells struck home. There were several other warships at Nagasaki, but the captured Russian ships are at Sasebo, the naval base where they are being repaired. The Japanese expect to save most of the ships at Port Arthur.

"At Yokohama the first-class battleship Asahi, one of Togo's fleet, came into the harbor while we were there. She swung around and up to her anchorage, passing very close to the Siberia. We could see her very easily. I did not observe any special marks of the conflict in the Straits of her.

"There is no let-up in the dispatching of troops to the front. When we left Yokohama thirty thousand men were being embarked on transports, to be sent to the war zone. This is a new move as formerly troops were sent by rail to Moji, taking the transports there."

PRES. ROOSEVELT SENDS PHOTO TO BRO. DUTTON

Bro. George Dutton, the self-sacrificing American who is giving his time, means and all to the comforting of the lepers at Kalaupapa and Kalawao, Molokai, will rejoice shortly in the possession of a fine cabinet photograph of President Roosevelt.

In the last mail from the mainland a package addressed to the governor was opened, and in it was a short letter from Secretary Loeb instructing the Governor to send the enclosed photograph to Bro. Dutton, with the President's best wishes. Acting-Governor Atkinson will leave this pleasant duty to Governor Carter upon his return from the mainland.

Beneath the photograph appears the following legend in the president's own handwriting:

"To Brother George Dutton with all good wishes from Theodore Roosevelt, July 16, 1905."

Bro. Dutton went to Molokai in 1886 to devote the remainder of his life to the lepers. Since then he has never left the settlement. From the time he entered until the death of Father Damien he made yearly vows as a lay brother of the Sacred Hearts (Piepus). From morning till night, and often throughout the night, he devotes his time and skill to the interests of the lepers. His little home at Kalawao is a model for neatness. It has a literary atmosphere. Brother Dutton is a great reader, especially on scientific and medical subjects. He gives personal attention to each of the lepers with whom he is brought into contact. His work, succeeding that of Father Damien, has attracted world-wide attention. People have been prone to weave a romance about Bro. Dutton's life, but a friend of his writing in the Monitor some years ago, said that there was little romance in it before Bro. Dutton went to Molokai. It was said that his fiancée having died, he decided to give up the pleasures of the world and shut himself up in the settlement. The friend says there was no "fiancée" at all, and that such a motive never impelled him to go to Molokai.

However, Bro. Dutton is a man be-

NO MORE HEADACHE

GENERAL WEAKNESS AND
FEVER DISAPPEAR TOO.

How a Woman Was Freed from
Troubles That Had Made Life
Wretched for Many Years.

The immediate causes of headaches vary, but most of them come from poor or poisoned blood. In anaemia the blood is scanty or thin; the nerves are imperfectly nourished and pain is the way in which they express their weakness. In colds the blood absorbs poison from the mucous surfaces, and the poison irritates the nerves and produces pain. In rheumatism, malaria and the grip, the poison in the blood produces like discomfort. In indigestion the gases from the impure matter kept in the system affect the blood in the same way.

The ordinary headache-cures at best give only temporary relief. They deaden the pain but do not drive the poison out of the blood. Dr. Williams' Pink Pills on the contrary thoroughly renew the blood and the pain disappears permanently. Women in particular have found these pills an unfailing relief in headaches caused by anaemia.

Miss Stella Blocker recently said: "Dr. Williams' Pink Pills did me a great deal of good. I had headache nearly all the time. After I had taken three boxes of these pills I became entirely well."

"How long had you suffered?" she was asked.

"For several years. I can't tell the exact date when my illness began for it came on by slow degrees. I had been going down hill for many years."

"Did you have any other ailments?" "I was very weak and sometimes I had fever. My liver and kidneys were affected as well as my head."

"How did you come to take the remedy that cured you?"

"I saw in a southern newspaper a statement of some person who was cured of a like trouble by Dr. Williams' Pink Pills. My physician hadn't done me any good, so I had bought a box of these pills. After I had taken one box I felt so much better that I kept on until I became entirely well."

Miss Blocker's home is at Leander, Louisiana. Dr. Williams' Pink Pills are sold by all druggists. Besides headache they cure neuralgia, sciatica, nervous prostration, partial paralysis and rheumatism.

pose of providing tuition for indigent young Hawaiians desirous of attending Kamehameha schools.

loved by all the inmates of the settlement, and now President Roosevelt has sent his appreciation in the form of a fine likeness of himself.

Nervous Women

Their Sufferings Are Usually
Due to Uterine Disorders
Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression, "I am so nervous, it seems as if I should fly," or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night."

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me."

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

BASEBALL

The All-Wailukus journeyed to Lahaina the other day with the intention of showing the Ilimas that they didn't know the difference between baseball and croquet. The change was a sad one and brought tears, for the game ended with a score of 11-5, in favor of the Ilimas. Ph. Espinda, for the Ilimas, pitched a hard fast game, but N. Kruger, of the All-Wailukus, was found for all kinds of hits. The burial certificate follows:
